1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In Claim 8, line 1, delete "7" and insert -- 6 -- to correct the dependency of the claim because claim 7 was cancelled.

In Claim 39, line 1, delete "authenticatable article of claim 38" and insert -- optical disk substrate of claim 35 -- to correct the dependency of the claim because claim 38 was cancelled. Also, the "authenticatable article" was changed to "optical disk substrate" in Claim 35.

In Claim 40, line 1, delete "authenticatable article of claim 37" and insert -- optical disk substrate of claim 35 -- to correct the dependency of the claim because the "authenticatable article" was changed to "optical disk substrate" in Claim 35.

2. The following is an examiner's statement of reasons for allowance:

The reference (US 2002/0149003) differs from the present claim 35 in that the claimed method of making an authenticatable polymer and form an optical disk substrate. The reference fails to disclose the method of making an authenticatable polymer to form an optical disk. Therefore, the present claims are all allowed.
